Let's start with Sr. Pat's video, "What is Service-Learning" (3:52).

**What is Service-Learning?**

**Why is Service-Learning important at Canisius College?**

Service-Learning allows you to live out the mission and vision of Canisius College by actively being involved in the community. You have an opportunity to link the work you do in the classroom to affecting and transforming the communities in which you serve in positive and meaningful ways.

Service-Learning is a method of learning which joins academic studies to service in the community with reflection on the whole experience.

**Canisius is a Catholic, Jesuit college with a special mission founded on certain cornerstones (refer to video above of Sister Pat Brady):**

- Men and women with and for others
- Cura Personalis: care of the whole person
- Magis: Excellence in all things, never accepting to be mediocre in your efforts
- Promotion of social justice by making a difference in the community
- Finding God in all things by living out your faith and values

**How do I start my Service-Learning?**
