Let's start with Sr. Pat's video, "What is Service-Learning" (3:52).

**What is Service-Learning?**

**Why is Service-Learning important at Canisius College?**

Service-Learning allows you to live out the mission and vision of Canisius College by actively being involved in the community. You have an opportunity to link the work you do in the classroom to affecting and transforming the communities in which you serve in positive and meaningful ways.

Service-Learning is a method of learning which joins academic studies to service in the community with reflection on the whole experience.

Canisius is a Catholic, Jesuit college with a special mission founded on certain cornerstones (refer to video above of Sister Pat Brady):

- Men and women with and for others
- Cura Personalis: care of the whole person
- Magis: Excellence in all things, never accepting to be mediocre in your efforts
- Promotion of social justice by making a difference in the community
- Finding God in all things by living out your faith and values

**How do I start my Service-Learning?**

1. Click on the link and complete the required *Indemnity and Release Form here. (BY JANUARY 23, 2018)*

2. **Browse the A-Z listing below to choose your service site and register. Select your site from the A-Z list, click to register at the bottom of your selected service site page, and contact your site by JANUARY 23, 2018.**

3. **AFTER COMPLETING YOUR SERVICE-LEARNING: Click on the link and complete the required Self-Evaluation of Service-Learning Experience Survey here.**

**Service Sites**
*Review service sites of interest for descriptions and contact information below. THEN CHOOSE ONE SITE, click on the site, and click on the button to register at the bottom of your selected site.
