PURPOSE

The purpose of this policy is to set forth the requirements and exceptions for first and second-year students residing in student residential housing at Canisius College.

POLICY

As a residential institution, Canisius College expects first and second year undergraduate students to live and board within the college residential system. Students meeting any one of the following conditions may be permitted to live off campus:

- Students 21 years of age or older;
- Students who are married and/or have children; and
- Students residing with their parents or legal guardian within commuting distance of the college.

All first and second year undergraduate students must receive prior written approval from the Office of Student Life before moving off campus. Written approval to move off campus, however, does not negate the student’s obligation to meet the financial responsibilities of his or her housing contract.

First and second year undergraduate students residing in the residential system who desire to become commuter students will be required to provide a notarized letter from the student’s parents or legal guardian stating that the New York address is the parents’ or legal guardian’s permanent residence. In addition, a copy of one parent’s valid New York driver’s license (which shows proof of New York residency) is required.

Students dismissed, suspended, or receiving the sanction of Residence Hall Expulsion as a result of a Community Standards violation lose their claim to their residence hall room/housing. Residents are required to check out and vacate the assigned housing accommodations within 24 hours upon loss of status as an enrolled full time student during this contract period or if resident fails to register for academic credit course work.

Room and Board Contracts are for the full academic year unless otherwise arranged by special agreement between the college and resident. Contracts for housing which are for Summer School sessions do not extend beyond the Summer School period. Room and Board Contracts are enforced for the entire contract period even if a student meets eligibility to live off-campus. Room assignments may be changed, canceled, or terminated by the college in the interests of order, health, safety, community welfare, and/or maximum utilization of facilities. Disregard for the rights, responsibilities and duties of others, as well as creation of circumstances that could jeopardize life, limb or property, are not acceptable in college housing and may be cause for disciplinary action and/or termination of the Room and Board contract.

Resident students residing in Bosch Hall, Frisch Hall, or Dugan Hall are required to be on a college Meal Plan. Resident students in Delavan Townhouses or Village Townhouses may elect to be on a college Meal Plan. Freshmen residing in Bosch or Frisch are required to be on Griffin A, B, or C for the first and second semesters. Residents living in Dugan must choose from Griffin A, Griffin B, or Griffin C, Ultimate Block, Supreme Block, or Mega Block. The cost of room and board contract depends on a meal plan resident chooses.

PROCEDURES/GUIDELINES

Room Deposits

A deposit determined annually by Student Affairs is required of first time students occupying a room in one of the residence halls. The room deposit is non-refundable and is applied as a credit toward the spring semester room rental charge.

Check-In

Students must follow all college-established dates, deadlines and standards in regard to the check-in process. All resident students are required to submit a Room Condition Report when checking in to campus housing. See Room Condition Report section below.

Check-Out

Students must follow all college-established dates, deadlines, and standards in regard to the check-out process. Residents who fail to check out on the established check-out date may be assessed a fee plus an additional improper check-out charge and any other fees associated with the improper checkout. To avoid assessment of a fee, late check-out situations must be approved by the Office of Student Life prior to the published check-out date.

At the end of each contract period, each student must complete the following steps in order to properly check out of the building:

- Complete and submit a Room Condition Report;
- Restore the walls, ceilings, doors and windows to their original state by removing posters, decals and other coverings;
- All drawers must be emptied and cleaned;
- All personal property and trash must be removed from the room or apartment/townhouse;
- College furniture must be reassembled. Beds must be returned to their upright positions; and
Windows must be locked and lights turned off.

Failure to complete these steps properly at checkout will result in a charge for improper checkout. A minimum cleaning charge will be assessed should the room need excessive cleaning. Additionally, Community Standards action may be taken.

Room Condition Reports

All resident students are required to submit a Room Condition Report (RCR) when checking in and out of campus housing. This is to be sure that the resident is not subject to fines for damage that may have been done to the room prior to the resident moving in. Each resident within the apartment or room must submit an online RCR. To submit the report, simply click on the link above the residence hall listed below and complete the form.

Breaks and Vacation Periods

Canisius College does not provide services and housing under during breaks and vacation periods when classes or final examinations are not being held. Opening and closing dates and times are published in the academic calendar (see catalogs). A separate arrangement for interim room accommodations during breaks and vacation periods may be available at an additional cost to resident. Inquiries regarding those interim accommodations should be made to the Office of Student Life.

At resident’s own risk, he or she may leave personal property in the assigned room during the breaks and vacation periods. The college, however, urges resident to take valuable personal property home.

Consolidation

During the year, vacant spaces may exist within the residence halls, apartments or townhouses. The Office of Student Life reserves the right to consolidate rooms by requiring residents without roommates, regardless of circumstances, to move into other rooms, apartments, or townhouses with vacancies. All empty spaces must be available for immediate occupancy by new and transferring residents at all times. The Office of Student Life will determine which residents need relocation. Failure to consolidate properly may be considered noncompliance, which may result in disciplinary action pursuant to the college’s Community Standards.

Confiscated Items

Items confiscated from a student’s room for any reason will be held for six (6) month. It is the student’s responsibility to retrieve these items from Public Safety. If these items are not collected by the fifth business day after confiscation, the confiscated items will be discarded. The student will have no recourse to recover confiscated items after the allotted time period. Items that are illegal or needed as evidence to resolve an alleged Community Standards violation (or criminal investigation) shall not be returned.

Housing Assignments

The Office of Student Life assigns all new students’ rooms and roommates.

Resident students returning to college housing select a housing assignment in accordance with the housing selection process. When possible, housing assignments will be made in accordance with the student’s request for specific roommate, floor, and room type. No specific assignment based on student’s request is guaranteed or implied. Residents agree to provide the college with the information and preference requested on the housing application. If resident fails to indicate any roommate preference, the resident forfeits his or her influence of the roommate assignment. If a vacancy occurs, the college may assign another resident or resident(s) to the vacancy without prior notice to the resident(s).

The college reserves the right to change room assignments for disciplinary reasons occasioned by resident, catastrophe, closing of facility, unavailability or roommates, or irresolvable incompatibility of roommates. Room change requests made by resident may be granted on case-by-case basis as determined by the sole discretion of the Director of Student Life or his/her designated representative.

The college makes all assignments without regard to age, race, religion or creed, color, sex, national or ethnic origin, sexual orientation, marital status, military status, genetic predisposition or carrier status, gender identity, familial status, domestic victim status, pregnancy, citizen status, disability, or any other status protected by state or federal law.

Housing Accommodations

Special-Need Housing Accommodations are based on medical, psychological, or other disability-related needs in accordance with the college’s Disabilities Policy.

Maintenance Requests

Situations observed which appear to require maintenance, repair, renovation, or alteration must be reported to the Facilities Management via a Facilities Management Work Request or by calling the Facilities Management Customer Service Center (x2250) to report the problem.
**Personal Property**

The college takes reasonable precautions to safeguard the private property of students in the residence halls, apartments, and townhouses. Canisius College assumes no liability for private property lost, damaged, or stolen. Resident students must take reasonable care by locking dorm rooms and windows and not propping open the outer doors of the residence halls, apartments or townhouses. Room doors, as well as exterior doors, should be closed and locked at all times, and ID Cards/room keys should not be shared. The college encourages students to take out renter's insurance.

**Property Abandonment**

Personal items left in a residence hall room, apartment, or townhouse by a vacating resident will be removed at the resident's expense. If personal items are left in common areas of an apartment or townhouse, the removal and storage fees will be charge equally amongst the residents of the unit.

**Room Access**

All rooms, townhouses, and apartments are accessed using a college ID card or assigned key. Residents are obligated to report a lost or stolen ID card or key immediately to the Office of Student Life or the Department of Public Safety.

**Room Changes**

Room changes are permitted only under specific guidelines. Any change of room without the written approval of the Office of Student Life will subject the involved student to a fine for an improper check-out and/or additional disciplinary action. Room change approval must be obtained from all involved parties. The first two weeks of each semester is considered a period of “room freeze,” where no room changes will be granted. Within each semester there will be a designated room change period in which approved room changes may occur, which will be posted by the Office of Student Life.

**Room Entry**

The college respects each resident's privacy in the living unit. However, official college personnel may enter the unit for purposes of improvements, cleaning, and recovery of unauthorized college-owned property, fire safety inspections, protective measures necessary for the health and general welfare of the resident or the protection of college property or the college community. College personnel may also enter a unit without prior notice when there is reasonable cause to believe a violation of Community Standards is taking place or honoring legal search warrants presented by law enforcement authorities. In emergencies, college personnel may similarly enter and search the living unit and personal contents therein without notice to protect or ensure protection of life and property.

A resident's request for maintenance and repair shall constitute a resident’s consent for room entry.

**Housing Refunds**

No refund of housing costs may be demanded as a matter of right when a student leaves the college or college owned housing without completing the semester in which the student is enrolled. For a student to obtain a refund when leaving the college, the withdrawal must be authorized by the appropriate dean. If authorization is granted, the schedule as noted below will be used to determine the final bill for tuition and housing costs, as specified in the Room and Board contract.

| First week of classes (Drop and Add Week) | 100% |
| Second week of classes                | 90%  |
| Third and fourth week of classes      | 50%  |
| Fifth week through eighth week of classes | 25% |
| After eighth week of classes          | none |

If a student remains enrolled at the college but wishes to terminate his or her room and board agreement, special circumstances must exist. The withdrawal from college owned housing must be authorized by the Director of Student Life or designee. If authorization is granted, the above noted schedule will be used to determine the final bill for housing costs based on your enrollment status of a full semester, partial semester or a summer school session.

All overpayments during the term of a resident’s room and board contract will be refunded, less administrative charges or withdrawal fees in accordance with the terms of this contract.

No refunds will be made to any resident receiving full academic credit for the semester except as specifically provided above.

**Non-Waiver Defects of Performance**

No default in performance by resident shall be deemed waived unless in writing and signed by the Director of Student Life.

The role of the assistance animal is to live with a student and alleviate the symptoms of an individual’s disability to provide equal opportunities to use and enjoy college housing. An Assistance Animal is not considered to be a service animal under this Policy or applicable law.

The question in determining if an Assistance Animal will be allowed in college housing is whether or not the Assistance Animal is necessary because of the individual’s disability to afford the individual an equal opportunity to use and enjoy college housing and its presence in college housing is reasonable. However, even if the individual with a disability establishes necessity for an Assistance Animal and it is allowed in college housing, an Assistance Animal is not permitted in other areas of the college (e.g. dining facilities, library, academic buildings, athletic buildings and facilities, classrooms, labs, etc.).

**Owner**—a student who has requested the accommodation and has received approval to bring an Assistance Animal into college housing or an individual with a disability who uses a Service Animal as an accommodation on the college’s campus.

PROCEDURES/GUIDELINES

**Procedures for Requesting Assistance Animals in College Housing**

The procedure for requesting Assistance Animals indicates that the request must be submitted 60 days in advance of moving in day and include a completed Accessibility Support Intake Form, Special Needs Housing Form, and appropriate documentation. The college does not guarantee that the accommodation will be made if the completed materials are not received at least 60 days prior to move in day. The forms and general documentation guidelines are available at https://www.canisius.edu/student-experience/student-support-services/griff-center/accessibility-support.

**Criteria for Determining If Presence of the Assistance Animal is Reasonable**

1. College housing is unique in several aspects including the assignment of roommates for many individuals and the mandate that individuals must share a room or suite in certain residence halls. To ensure that the presence of assistance animals is not an undue administrative burden or fundamental alteration of college housing or infringes on the rights of roommates, Canisius reserves the right to assign or reassign an individual with an assistance animal to a single room or other appropriate similar housing. However, for all requests for assistance animals, Accessibility Support shall nonetheless consult with Student Life in making a determination on a case-by-case basis of whether the presence of an assistance animal is reasonable.

A request for an Assistance Animal may be denied as unreasonable if the presence of the animal:

- Imposes an undue financial and/or administrative burden;
- Fundamentally alters college housing policies; and/or
- Poses a direct threat to the health and safety of others or would cause substantial property damage to the property of others, including college property.

1. Canisius College may consider the following factors, among others, as evidence in determining whether the presence of the animal is reasonable or in the making of housing assignments for individuals with Assistance Animals:

- The size of the animal is too large for available assigned housing space;
- The animal’s presence would force another individual from housing (e.g. serious allergies);
- The animal’s presence otherwise violates individuals’ rights to peace and quiet enjoyment;
- The animal is not housebroken or is unable to live with others in a reasonable manner;
- The animal's vaccinations are not up-to-date;
- The animal poses or has posed in the past a direct threat to the individual or others such as aggressive behavior towards or injuring the individual or others; or
- The animal causes or has caused excessive damage to housing beyond reasonable wear and tear.

Canisius College will not limit room assignments for individuals with Assistance Animals to any particular building or buildings because the individual needs an Assistance Animal because of a disability.

**Access to College Facilities by Assistance Animals**

1. Assistance Animals: An Assistance Animal must be contained within the privately assigned individual living accommodations (e.g., room, suite, apartment) except to the extent the individual is taking the animal out for natural relief. When an Assistance Animal is outside the private individual living accommodations, it must be in an animal carrier or controlled by a leash or harness. Assistance Animals are not allowed in any college facilities other than college residence hall to which the individual is assigned.
2. Dominion and Control: Notwithstanding the restrictions set forth herein, the Assistance Animal must be properly housed and restrained or otherwise under the dominion and control of the Owner at all times. No Owner shall permit the animal to go loose or run at large. If an animal is found running at large, the animal is subject to capture and confinement and immediate removal from college housing.

**Individual’s Responsibilities for Assistance Animal**

If the college grants an individual’s request to live with an Assistance Animal, the individual is solely responsible for the custody and care of the Assistance Animal and must meet the following requirements:

- The Owner must abide by current city, county, and state ordinances, laws, and/or regulations pertaining to licensing, vaccination, and other requirements for animals. It is the individual’s responsibility to know and understand these ordinances, laws, and regulations. The college has the right to require documentation of compliance with such ordinances, laws, and/or regulations, which may include a vaccination certificate. The college reserves the right to request documentation showing that the animal has been licensed.
- The Owner is required to clean up after and properly dispose of the animal’s waste in a safe and sanitary manner and, when provided, must use animal relief areas designated by Canisius College.
- The Owner is required to ensure the animal is well cared for at all times. Any evidence of mistreatment or abuse may result in immediate removal of the Assistance Animal and/or discipline for the individual.
- Canisius College will not ask for or require an individual with a disability to pay a fee or surcharge for an approved Assistance Animal.
- An individual with a disability may be charged for any damage caused by his or her Assistance Animal beyond reasonable wear and tear to the extent that it charges other individuals for damages beyond reasonable wear and tear. The Owner’s living accommodations may also be inspected for fleas, ticks or other pests if necessary as part of the college’s standard or routine inspections. If fleas, ticks or other pests are detected through inspection, the residence will be treated using approved fumigation methods by a college-approved pest control service.
- The Owner will be billed for the expense of any pest treatment above and beyond standard pest management in the residence halls. The college shall have the right to bill the individual’s account for unmet obligations under this provision.
- The Owner must fully cooperate with college personnel with regard to meeting the terms of this Policy and developing procedures for care of the animal (e.g., cleaning the animal, feeding/watering the animal, disposing of feces, etc.);
- The Assistance Animal must be kept in the owner’s room in a crate when the owner is not in the room;
- Assistance Animals may not be left overnight in college housing to be cared for by any individual other than the Owner. If the Owner is to be absent from his/her residence hall overnight or longer, the animal must accompany the Owner. The Owner is responsible for ensuring that the Assistance Animal is contained, as appropriate, when the Owner is not present during the day while attending classes or other activities;
- The Owner agrees to abide by all equally applicable residential policies that are unrelated to the individual’s disability such as assuring that the animal does not unduly interfere with the routine activities of the residence or cause difficulties for individuals who reside there;
- The animal is allowed in college housing only as long as it is necessary because of the Owner’s disability. The Owner must notify the Office of Student Life in writing if the Assistance Animal is no longer needed or is no longer in residence. To replace an Assistance Animal, the new animal must be necessary because of the Owner’s disability and the Owner must follow the procedures in this Policy for requesting a different animal, including completing the new application 60 days prior to the next moving in day;
- Canisius College personnel shall not be required to provide care or food for any Assistance Animal including, but not limited to, removing the animal during emergency evacuation for events such as a fire alarm. Emergency personnel will determine whether to remove the animal and may not be held responsible for the care, damage to, or loss of the animal;
- The individual must provide written consent for Accessibility Support to disclose information to the Office of Student Life regarding the request for and presence of the Assistance Animal to those individuals who may be impacted by the presence of the animal. The Office of Student Life will notify potential and/or actual roommate(s)/suitemate(s)/residents in hall(s) of the animal in residence. Such information shall be limited to information related to the animal and shall not include information related to the individual’s disability. The Office of Student Life will ask all parties impacted to sign a contract agreement. Other housing arrangements will be made if roommate(s) /suitemate(s) are unable to sign the contract agreement;
- The college will assess the condition of the room and charge a fee in the event any damage is noted to the room.

**Removal of Assistance Animal**

Canisius may require the individual to remove the assistance animal from college housing if:

- The animal poses a direct threat to the health or safety of others or causes substantial property damage to the property of others;
- The animal’s presence results in a fundamental alteration of a college program;
- The Owner does not comply with the Owner’s Responsibilities set forth above; or
- The animal or its presence creates an unmanageable disturbance or interference with the Canisius community.

Canisius College will base such determinations upon the consideration of the behavior of the particular Assistance Animal at issue, and not on speculation or fear about the harm or damages an animal may cause.

The college’s Community Standards protocol will be followed for any behavioral issues. Any removal of the animal will be done in consultation with the Accessibility Support Office.

Should the Assistance Animal be removed from the premises for any reason, the Owner is expected to fulfill his/her housing obligations for the remainder of the housing contract.

**Non-retaliation**

Canisius College will not retaliate against any person because that individual has requested or received a reasonable accommodation in college housing, including a request for an Assistance Animal.
Any member of the college may submit a complaint about a Assistance Animal, identifying one or more concerns in the areas listed above. Persons with concerns may contact a member of Student Affairs. An investigation will be commenced and a determination will be made with respect to any alleged violations of this Policy or corresponding procedures. The determination will be provided to the owner and the individual submitting the complaint. If the investigation determines that any provision of this Policy and corresponding procedures has been violated by a student, the matter will be referred to Student Affairs for proceedings consistent with the provisions of the college’s Judicial Policies. In addition to the warnings and sanctions outlined in the college’s Community Standards, a finding substantiating the violation of this Policy may also lead to the exclusion of the animal from college housing.
