Procedure for Working with ESL/Second Language Learners Online Students

ESL/Second Language Learner students go through a process that may lead to courses that better prepare them for taking English language courses. [http://www.canisius.edu/english-as-second-language/](http://www.canisius.edu/english-as-second-language/)

Choose a preferred method to communicate directly with the student. When communicating via email proves difficult, we recommend Skype or Web conferencing. [Zoom for Web Conferencing](https://zoom.us/)

If needed, please contact the Tutoring Center for an ESL-specific tutor (face-to-face specific tutoring).

Also, the can be directed to the ESL Program Director on campus for future course work. [http://www.canisius.edu/english-as-second-language/](http://www.canisius.edu/english-as-second-language/)
