Getting Started with Blogs/Divi

1. **Sign up for a Wordpress account.**
2. **Change your theme to Divi.**
   We highly recommend that you change your theme to Divi. Divi is a flexible, modular theme that is highly customizable. Running this theme on all Canisius blogs will allow us to more easily support you and to troubleshoot issues if any should arise.
   a. **Divi demo.**
   b. **What is Divi?**
   c. **Customize your Divi theme, basics**
      i. **Using The Divi Video Module**
      ii. **Creating Single Page Websites Using Divi.**
