

Email migration

ITS has migrated, or will be migrating, your Canisius email to a new server in the next 5 business days.

No interaction on your part is required for the migration to proceed.

This is being done to remain in compliance with security policies regarding supported versions of software.

There will be no disruption to receipt of emails during the migration.

The following details the changes to access/settings after the migration completes.

Access via the myCanisius portal

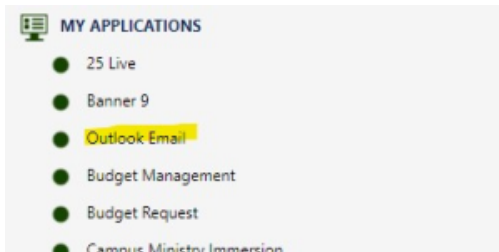

Portal link to access email under MY APPLICATIONS

Old link

Exchange Email (if linked in My Favorites it will show as Not Available)

New link

Outlook Email

To access Exchange email use the myCanisius portal. Bookmarks to Exchange will no longer work.
