For the Fall 2021 semester, Canisius College requires all students, faculty, and staff to wear masks indoors. Unvaccinated students, faculty or staff must wear masks on campus, generally. This is in accordance with Canisius Colleges' general plan for COVID-19.

Good Mask Options include:

- Disposable, surgical-style masks with appropriate ties or loops so that they fit snugly against the wearer's nose and mouth.
- Multi-layered, washable, breathable cloth that snugly covers both nose and mouth.
- Students in healthcare and related academic programs or experiential learning will wear appropriate masks or respirators for healthcare professionals, such as KN95 or N95.
- Masks that do not include breathing vents.

Looser-fitting face coverings are not suitable.
