Preparedness for Academic Continuity

Currently, COLI anticipates that in the 2021-2022 school year, Canisius College is returning to full Face-to-Face teaching and learning for courses not scheduled as online (ONL, ONA, ONB, and so on.)

Students and Faculty will adhere to all campus-wide requirements for public health and safety, which may include a mask mandate, proof of vaccination or testing. This is in accordance with the President’s email to the campus community, of August 3rd, 2021.

COLI is in the process of developing resources to help faculty prepare for occasional disruptions to class schedules, syllabi, design and procedure caused by weather events, medical accommodations for individual students, and the like. Stay tuned for these updates!
