Media Center

The Media Center supports and maintains audio and video technology across campus. Detailed information on the types of services The Media Center, as well as other departments on campus provides, is available in the Guide to Media Services.

For information on classroom technology, the What's In My Classroom? section provides information and instructions for all available classrooms.

Looking for instructions for use of a non-classroom space? Check out What's In My Conference Room?

For information on other Media Center services and instructions on specific technologies, click on Equipment & Guides.
