Level Two: Plug and Go Projection

The following technologies are integrated into the majority of Level 2 classrooms:

- Ceiling-mounted LCD projector
- Crestron / Extron Hard-Button Control Panel
- Plug and Go capability; display of the instructor's laptop computer & connection to the Internet and campus network
- DVD player
- VHS VCR
- Overhead Projector

For additional room information and to review instructions for use of the technology, please select a particular ITC's page by using the drop-down box below:
