Locations
The AVerMedia AVerVision SPB350 Digital Document Camera is found in OM 314.
The AVerMedia AVerVision SPB370 Digital Document Camera is found in DM 101F.

Using the Document Camera
Start the room up as you would normally and select the appropriate source button to display the document camera. Use the What's In My Classroom? page to find the instructions for your particular classroom.

POWER: Press the POWER button (1) to turn on the document camera. It is located in the upper left corner of the controls. Press & hold the button for 2 seconds to turn the document camera off.

ZOOM: Use the dial (2), located in the center of the controls, to zoom in & out on the subject placed on the document camera's stage.

FOCUS: After you have zoomed in/out on the image, press the AUTO FOCUS button (3), which is located to the lower right of the zoom dial.

IMAGE ROTATION: To rotate the document camera image, press the ROTATE button (4), which is located to the right of the FREEZE button. Each press will rotate the image by 90 degrees.

LIGHTING: To turn the document camera's lamp on or off, press the LAMP button (5). This button is located to the lower left of the zoom dial.

LIGHT BOX: To turn the document camera's light box on or off, press the LIGHT BOX button. This button is found on the left side of the document camera.

FREEZE: To freeze a document camera image, press the FREEZE button (6). This button is located just above the AUTO FOCUS button. To unfreeze the image, simply press the FREEZE button again.
