**What happens to my Google Account when I graduate?**  
Due to policy changes regarding storage limits for Google Workspace for Education domains ([https://www.blog.google/outreach-initiatives/education/google-workspace-for-education/](https://www.blog.google/outreach-initiatives/education/google-workspace-for-education/)) that will take effect in January 2023, Canisius must make changes to the policy that allowed a Canisius alum to keep their Canisius Google account indefinitely.

Beginning with the graduating class of 2022, Canisius alumni will now be able to keep their Canisius Google account for a maximum period of 5 years. As a result of these changes regarding storage limits that will be enforced by Google, we need to implement storage quotas for alumni accounts. At this point, a value has yet to be determined but it will be less than 10GB for total storage (GMail, Drive and Photos).

The schedule for previous graduating classes is as follows:

- If you graduated before January 2017, your Canisius Google account will be disabled June 1, 2023
- If you graduated in 2017, your Canisius Google account will be disabled January 1, 2024
- If you graduated in 2018, your Canisius Google account will be disabled January 1, 2024
- If you graduated in 2019, your Canisius Google account will be disabled January 1, 2025
- If you graduated in 2020, your Canisius Google account will be disabled January 1, 2026
- If you graduated in 2021, your Canisius Google account will be disabled January 1, 2027

Note: If you return to Canisius for additional coursework or graduate school your Google Workspace account will be extended.

Notifications to all alumni regarding this change are being sent prior to June 1, 2022.

If you’d like to save any data in your Canisius Google account, go to [https://support.google.com/accounts/answer/3024190?hl=en](https://support.google.com/accounts/answer/3024190?hl=en) or some suggestions regarding downloading your data.
